Sprint

Sprint extends a 15 percent discount on monthly service charges for those who establish or renew a two-year contract. The discount is only available to service plans under the name of someone active in the military. Sprint also offers free military suspension of accounts or specific lines while service members are stationed overseas. Suspension can begin on customer request, but line cancellation will require proof of active duty assignment. Check Sprint's official website for any temporary sales or signing bonuses for military members as well as discounts on accessories.

Active duty and retired military personnel receive up to a 22 percent discount on their monthly service plan with T-mobile. If you already have T-mobile service and call their customer support at 1-877-453-1304, you can have the discount applied to your account over the phone. If you're just signing up you will need to present valid military identification at time of purchase.

For questions and enrollment call 1-888-944-9400 or 611 from your U.S. Cellular device to verify your military status.

A quick word of advice to service members hoping to suspend their account while they are stationed overseas: Make sure you call as far in advance as possible to ensure you aren't paying for a service you won't be able to use outside of the U.S.
